**WINDOW COVERINGS INDUSTRY ANNOUNCES CALL FOR ENTRIES FOR
28th ANNUAL PRODUCT AWARDS COMPETITION**

New York, NY (January 2, 2019) - The **Window Covering Manufacturers Association (WCMA)** announced its call for entries for the **28th annual WCMA Product Awards competition**. Product submissions will be judged in the following product categories: cellular and pleated shades, drapery hardware, green products, horizontal blinds, motorization and automation, Roman and roller shades, shadings/sheers, shutters, specialty applications and miscellaneous products, and verticals/panel tracks.

This year's WCMA Product Awards competition will honor manufacturers for the design ingenuity, attention-grabbing styles, and technical advancements of their 2018 window covering products and for the past year's standout marketing programs and services.

Nominated products will be reviewed for innovation, aesthetic appeal, creativity, quality, practicality and marketability by a panel of industry experts. Window coverings manufacturers are eligible for awards for their marketing and merchandising programs, selected by the judges for their execution and their achievements.

The WCMA *Product of the Year* is awarded to the window covering product, selected from any category, for its standout design, style, and technical innovation. All manufacturers and suppliers of window covering products in the United States and Canada are encouraged to submit products and marketing programs introduced between December 31, 2017 and December 31, 2018 for consideration.

The 2018 WCMA Product Awards winners will be announced March 8, 2019 at a reception to be held in conjunction with the International Window Coverings Expo (IWCE), the premier window coverings trade show to be held in Nashville, TN on March 8-10, 2018. Photos of all nominations and winning submissions will displayed on the IWCE trade show floor and be posted on WCMA's website throughout the year.
